

PLEASE Leave the No Call List as it is. Telemarketing is MY #1 complaint. I was bombarded with campaign calls during the election and it cost me .12 for every call I received. I don't need to be part of polls or questioned on my likes or dislikes. I received over 100 calls over the time of the campaign. It is unfair to the public to be harassed by telemarketers every day of there life if it is a call they have asked the government to ban or block or stop, or have asked the caller to stop making. I get all the advertising I want or need on the TV, Radio, Newspaper, Billboards, ECT,ECT,ECT!!! PLEASE Leave the No Call List as it is unless you can make it stronger. I know I am with the MAJORITY.  
Thank-you
